1101 The Capitol
402 South Monroe Street
Tallahassee, FL 32399
(850) 717-5045

February 7, 2024

Dear Mildred Rodriguez,

As State Representative for District 45 and the very first Venezuelan American elected to the Florida House, I am highly concerned regarding the illegal immigration crisis we have in the country. Illegal immigration is a matter of national security which impacts all the states of the union. I urge the Biden Administration to close the border and take immediate action. As well, I recognize the importance of legalizing the Venezuelan community who came to this country legally, that do not have a criminal record and love this country as its own.

The Venezuelan American community has made significant contributions to the cultural, economic, and social growth of Florida. I am proud to support our Venezuelan community and the Venezuelan Adjustment Act that ensures national security, follows all state and federal guidelines, and seeks to provide permanent residency status to the well-abiding members of the Venezuelan community who have contributed to the growth of the United States.

I look forward to continuing the conversation. Should you have any questions please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Carolina Amesty", with a long horizontal flourish extending to the right.

Carolina Amesty
Member of the Florida House
