To Whom It May Concern,

As an elected State Representative of Florida, representing House District 105, I write in strong support of the H.R. 4048, the "Venezuelan Adjustment Act".

This critical legislation offers a lifeline to Venezuelan nationals residing in the United States, providing them with a pathway to lawful permanent residence. In light of the dire situation in Venezuela, HR 4048 demonstrates our nation's commitment to compassion, understanding and justice, offering relief to those fleeing persecution and seeking a better future.

The vibrant Venezuelan American community has made significant contributions to the cultural, economic, and social growth in the state of Florida. I am proud to support the Venezuelan community and the Venezuelan Adjustment Act, which ensures our national security and offers a pathway to legal status for eligible Venezuelan nationals residing in the United States. This legislation provides them with economic stability and security without fear of deportation while empowering them to contribute meaningfully to this country.

On behalf of the Venezuelan community in my district and in the State of Florida, I urge Congress to come together and support this bipartisan legislation. Thank you for your leadership and consideration.

Respectfully,
