

# The Florida House of Representatives

Representative Kevin Chambliss

District 117

July 01, 2025

To whom it may concern,

I am writing to you today to express my strong support for H.R. 1348, the Venezuelan Adjustment Act. As the duly elected Representative of the 117th District of the Florida House of Representatives, I believe that H.R. 4048 is a sound legislative solution to the unjust situation that many Venezuelan immigrants currently find themselves in.

Far too many Venezuelans who have entered this country through legal means prior to December 31st, 2021 have faced unnecessary hardship in their pursuit of achieving permanent status. As a proud resident of South Florida, home to the country's largest Venezuelan population in the United States, I see first-hand the economic and cultural benefits that the Venezuelan community has provided. H.R. 1348 will provide a pathway to permanent status for this community, in turn promoting economic stability and security

In light of recent policy shifts and enforcement measures disproportionately affecting this population, the passage of H.R. 1348 is both timely and essential. It presents a practical solution that aligns with American values and reinforces our nation's commitment to justice and inclusion.

The United States is the world's beacon of hope – there is no other country that has attracted so many from around the world as the destination for freedom and prosperity. I proudly endorse this legislative effort and I strongly urge Congress and my fellow public servants to support its swift passage.

Sincerely,

A handwritten signature in black ink that reads "K Chambliss".
